

Admin login page

A screenshot of a web application window titled "Admin Login". The window has a dark blue header bar with standard window controls (minimize, maximize, close). The main content area is light gray and contains two input fields: "Name:" with the text "jeevra" and "Password:" with masked characters ".....". Below the password field is a blue "login" button.

Message shown to user 'successful login'

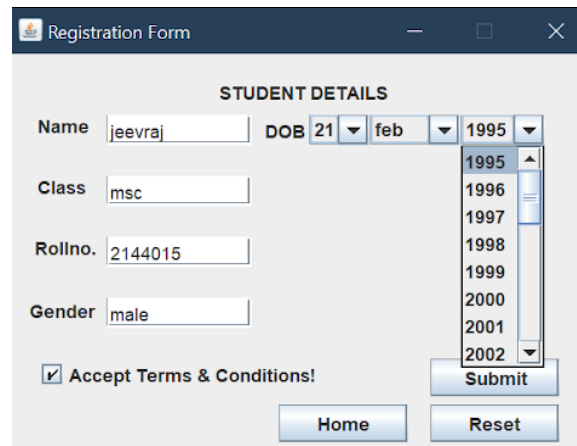

A screenshot of the "Admin Login" window with a modal message box overlaid. The message box is titled "Message" and contains an information icon, the text "Login Successfull!", and an "OK" button. The "login" button on the background window is still visible.

After login we have home page

A screenshot of a web application window titled "Home". The window has a dark blue header bar with a close button. The main content area is light gray and contains three buttons at the bottom: "Add New Data", "View Data", and "Log out".

JComboBox used in frame

Registration Form

STUDENT DETAILS

Name: jeevraj DOB: 21 feb 1995

Class: msc

Rollno: 2144015

Gender: male

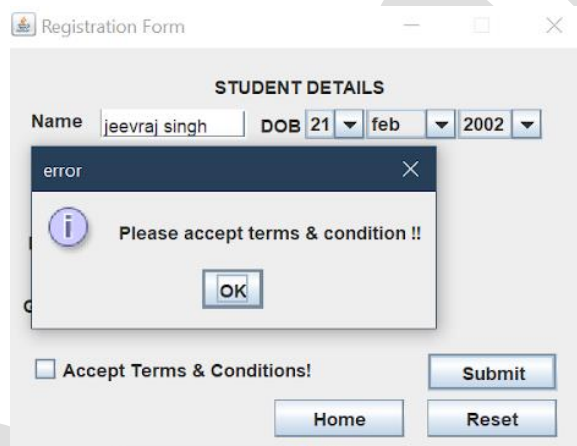

☒ Accept Terms & Conditions!

Submit

Home Reset

The image shows a Java Swing window titled "Registration Form". It contains a section titled "STUDENT DETAILS" with several text fields: "Name" (filled with "jeevraj"), "DOB" (with dropdowns for "21", "feb", and "1995"), "Class" (filled with "msc"), "Rollno." (filled with "2144015"), and "Gender" (filled with "male"). There is a checkbox labeled "Accept Terms & Conditions!" which is checked. To the right of the "DOB" dropdowns is a vertical list box (JComboBox) showing years from 1995 to 2002. At the bottom right is a "Submit" button, and at the bottom center are "Home" and "Reset" buttons.

Message shown to user if checkbox is not checked

Record saved successfully

OK

The image shows the "Registration Form" window with the "Accept Terms & Conditions!" checkbox checked. A success dialog box titled "details" is displayed in the foreground. The dialog box contains an information icon, the text "Record saved successfully", and an "OK" button. The "Submit" button in the background is disabled.

View Data using data GUI

The screenshot shows a Java Swing window with a dark blue title bar containing the text "View Data using data GUI" and standard window control buttons (minimize, maximize, close). The main content area is light gray and contains a table with 6 columns: ID, Name, Class, Rollno, Gender, and DOB. The first row of data contains the values: 8, jeevraj si..., msc, 2144015, male, and 21/feb/2001. There are four empty rows below the first data row.

ID	Name	Class	Rollno	Gender	DOB
8	jeevraj si...	msc	2144015	male	21/feb/2001
